Design your Mobile cart!

- Standard units are 36" wide. Combine a starter & adder for a maximum width of 72".
- Double sided entry allows for easy access.
- Heavy duty construction consisting of modified T-Bar frame, T-Bar base, reinforcing tubes.

Below is just a small sampling of shelf types available. See the Wilsonstak Reference Catalog for the complete selection.

1. Select a cart height

Choose starter cart height from 36" to 66" available in 6" increments.

2. Select style of shelves

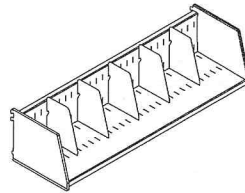

Choose from conventional shelving or various special purpose shelves for specific media types. Most types range from 8" to 12" in depths.

3. Place your order

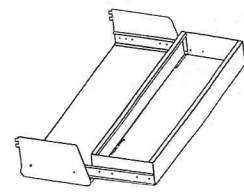

We'll be more than happy to help complete your order. Choose accessories like canopy tops and end panels—available in high-pressure laminates, solid wood, and steel. Your color combinations are virtually endless.

Need something unique? Have questions? Not a problem, our storage experts are waiting for your call.
