## From the Director's Desk

We have been so blessed to have the amazing opportunity to host the Packers Tailgate Tour. This experience has undoubtedly confirmed our community support for our mission and the work that we do in this community. It has been great to speak with community members and sponsors that repeatedly tell us how valuable and wonderful our services make our community. We continue to have support pour in as we move closer to April 4th! We look forward to a great turn out with all of our autograph tickets now sold out! General admission tickets are still available. We continue to look for volunteers, raffle baskets, and cook off competitors. If you know anyone that wants to be part of this awesome event please tell them to stop in or call the office. Thank you so much to all of you that really embrace our mission and make everyday here amazing!

## ***Production News, by Sue W.***

The weather sure hasn't warmed up too much. We're hoping for some nice spring air soon and warmer temperatures. The month is flying by, St. Patrick's Day is on Friday. Soon it will be time for the Tailgate Party. There is a lot going on to get ready for the day.

Phillips Plastics has been keeping us a little busier with loads this week. A couple 911's and a couple 898's. Everyone enjoyed loading. It has been a while since we had any fixtures to load. TBK has picked up a bit. We are expecting to get busy as the fishing season gets closer. Sierra Pacific had orders for Vinyl to be cut and a bagging job. The springs that we box up for Phillips Plastics have been keeping everyone busy. We received some pants and shirts for some of the orders in the sewing area.

We finally got the new shredders for the sort room. The new machines run smoother and quieter. Thanks to Brad, Mike P., and Bernie for all of the shredding they have done, and still have to do. And also thanks to Deb S. for all the help she gives us in Production. She is always willing to jump in where needed.

We are hoping everyone has a good weekend and Happy St. Patrick's Day. Maybe it will warm up over the weekend and into next week!
