

## COLLABORATIVE CONSTRUCTION MANAGEMENT

### CONSTRUCTION MANAGEMENT

CM is an agreement to provide construction leadership and perform contract administration and management of the entire project

### THE COLLABORATIVE DIFFERENCE

The difference is our focus on Collaboration. Our Collaborative process will help you to build a team atmosphere under which your project will be enhanced from the earliest stages.

Boson project managers and estimators will guide you through a very technical and complicated process. We are experts at helping you understand the intricacies of planning, scheduling, costing, and delivering a construction project.

We are problem solvers. We anticipate. We are efficient with our people, our equipment, and our time so that we may be efficient with your money.

Collaboration and communication are the keys to successfully delivering your project. The Boson Company Collaborative process has proven to be a welcome and successful addition to all parties involved. The Difference is - Collaboration infused projects succeed.

CONSTRUCTION IS HIGHLY TECHNICAL. OUR PROVEN PROCESS ALLOWS FOR GREATER COLLABORATION. WE SOLVE THE HEADACHES FOR YOU WHILE YOU MANAGE YOUR BUSINESS AND GET A GOOD NIGHTS REST!

THE BOSON COMPANY COLLABORATIVE CONSTRUCTION MANAGEMENT PROCESS HAS BEEN OUR INTERNAL MODEL ON BOTH PUBLIC AND PRIVATE PROJECTS FOR YEARS.

OUR VIEWPOINT FOR COLLABORATION SOFTWARE WILL CONNECT ALL PROJECT PARTICIPANTS KEEPING THEM INFORMED EVERY STEP OF THE WAY FROM PRE CONSTRUCTION PLANNING AND PRICING THROUGH CONSTRUCTION COMPLETION.
