The Kolbe Gallery is Central Wisconsin's full-service resource for quality windows and doors. With a sophisticated showroom featuring exclusively Kolbe® products, knowledgeable associates and a variety of services, the Kolbe Gallery will guide you from start to finish to ensure your new windows and doors exceed your expectations.

HELPFUL AND KNOWLEDGEABLE

Consult with a Kolbe Gallery associate to learn helpful ideas, tips and design possibilities for your window and door replacement or new construction project. Expert knowledge on Kolbe products and installation make every step of choosing new windows and doors easy.

PRODUCTS THAT FIT YOUR NEEDS

Looking for the warmth of wood or the easy care of vinyl? New windows or a replacement patio door? With an extensive offering of wood, aluminum clad or vinyl windows and doors, as well as fiberglass entrance doors, interior doors and mouldings, the Kolbe Gallery is sure to have the quality products to fulfill your project needs.

BEAUTY AND ENERGY EFFICIENCY

Built to exact specifications and designs, Kolbe windows and doors express exactly what the homeowner calls for. Whether it is a grand entrance door with custom divided lites, or a quaint inswing casement set over the kitchen sink, each unit is unique.

Kolbe products are designed for energy efficiency and beauty. Our units have insulating glass and features geared towards cutting down your energy costs. By installing Kolbe windows and doors in your home, you not only add a beautiful view but energy savings as well.

QUALITY WITH COVERAGE

All the Kolbe products we offer carry warranties on the unit, including the finish, glass and hardware. Kolbe takes pride in the products that it manufactures and backs up the craftsmanship and materials used. Rest assured that you are purchasing a quality product built to last.

START TO FINISH SERVICES

The Kolbe Gallery also installs replacement windows and doors. You'll begin with an in-home consultation with one of our professional sales representatives to show you your replacement possibilities and to answer any questions you may have. Measurements of your window and door openings will be taken to guarantee the right fit for your home. Once your order is complete, your new units are delivered right to your door – no need to worry about picking them up or taking time off during the day. Experienced installers replace your windows and doors and dispose of the old units for you – no mess, less hassle.

We work around your schedule to make sure that you are able to get a consultation or an installation date that works best for you. This way, the process is efficient and the least interruptive on your daily activities. By offering these services, we pride ourselves on being able to give a quality experience from the initial idea to the final installation.

WHAT THE CUSTOMERS SAY

"Having purchased a wonderful old home in Wausau a couple years ago, we felt we needed a new set of first-rate windows from stem to stern. We needed 19 in all, but we were very anxious about maintaining the look of the home's architecture, especially inside, and were very anxious about the mess a large project such as this would make. From start to finish and from top to bottom, the Kolbe Gallery was professional. Installation was a breeze with the Kolbe Gallery's own team of experts working the job quietly, efficiently and with a smile. This was the smoothest running home improvement job we have ever experienced. We are thrilled with the quality, the look and we felt the price was fair. Anxiety switched to happiness."

Edward Marek
Homeowner

"Kolbe has been my primary window and door supplier since the 1980s. The Kolbe Gallery has made using Kolbe products even easier. My sales representative is there when I am in need and returns pricing and specification information promptly. It is convenient for me to direct my clients to the Kolbe Gallery for product information. I am at ease knowing that my clients will be assisted by qualified and informed sales associates. The showroom gives my clients a hands-on approach, which really helps those who cannot visualize and understand the product on the plans. Along with all this help, qualified and knowledgeable service staff guide me and my clients after the sale and installation on any problem that may present itself."
