WE BUILD IT BETTER

With a passion for racing, Jim Greenheck, CTech Manufacturing President/ Owner, needed a quality storage solution when on the road with his drag car. Jim sought after his own design and built the first CTech cabinet. He took into consideration “MOBILE APPLICATION” when engineering the first CTech products and that still holds true to this day.

*CTech was developed to be lighter, stronger, and of a higher quality than what was available. With new innovations to our products over time the base framework for the mobile application has stayed the same allowing CTech to gain the reputation of being **the most respected storage solution in the market.***

We now offer all aluminum carts, cabinet, drawers and tactical cabinets which cover a number of different industries. Our products have been used in a variety of mobile and stationary applications.

CTECH stays engaged with customers to deliver new and innovative solutions every day. From major race teams to global energy companies, our people, technology, and engineering practices allow us to continue this trend of innovation.

WE BUILD IT BETTER

**NO MATTER WHAT INDUSTRY
WE GUARANTEE A SUPERIOR PRODUCT**

SERVICE CARTS

CARTS

The versatile service cart, or shop cart, is the Heavy Duty solution for any job. Great for temporary storage of tools, parts and supplies during a task. Eliminates the time associated with walking back and forth to your toolbox or bench and features heavy duty casters. All shelves and drawers are equipped with heavy duty liner. The removable inverted top makes for easy clean up. Available in 10 standard powder coat colors, 2 standard configurations, and many customizable add-ons to make one all your own.

CTech is no stranger to pit row at any event, CORE Autosports has an attractive pit setup utilizing a Jr. Transporter and Fuel Cart for their race day storage needs.

RACING CARTS

Setting the bar is what CTech does best and Carlin Racing has done the same in the Indy Series with a pair of stand up timing stands, pit lane innovations have never been more progressive.

Twin Platforms offer a great collaborative deck area for 2 car teams. BMW USA has a beautiful pit lane presence.

THE ONLY 120" TRANSPORTABLE OBSERVATION CART WITH A REAR DECK THAT FITS IN THE AISLE-WAY OF YOUR TRAILER!

WeatherTech and Scuderia Corsa demand a professional strong pit row in appearance as well as function with why they chose CTech as their storage solution!

Digital communication carts designed for side line communication for a National Sporting League. Built on a Mini Cart and Bad Ass Caster Cart chassis.

INDUSTRIAL CARTS

Mobile workstations built on the Hot Rod chassis. These carts are designed to the customers specifications for storage with electrical pre wired and MotionLatch™ adjustable shelves.

Mobile Gen Set Carts have never been built so well. Designed to be perfectly vented and to meet noise regulations. These Bad Ass Caster carts are the perfect back up power for any industrial job site.

Outfitting a lab with workstations similar to these at North Central Technical College give the mobility of a cart with the work area of a counter. These also add extra storage space for an organized efficient environment.

Adjust-A-Loc MotionLatch™ pull out shelves

ECONO SERIES

CABINETS

CTech is known for premium aluminum cabinets designed for trailers, shops, and garages. The features and benefits associated with CTech cabinets are what set our quality apart; MotionLatch™ drawers and doors, extruded aluminum framework, lightweight construction, Gasketloc counter tops, dual walled doors, etc. Our Econo Series cabinets have all those features at an entry level cost. These packages are perfect for any garage or trailer. Available in a pre-finished white aluminum versus our traditional powder coat finish is where you save.

Desired Tool Drawer Dimensions
OTHER _____

Drawer opening guidelines:

- Check door latch clearance
- Final dimensions must be a clear opening size.
-meaning no hazards such as: doors, strike plates, chains, weather stripping, gas shocks or any other type of object must enter in the clear opening measurement.

If these are not taken into consideration we cannot guarantee the proper fitment and installation of a CTECH drawer unit.

DRAWER OPTIONS

ANY STANDARD PRODUCT CAN BE CUSTOMIZED TO YOUR SPECIFIC NEEDS. CHECK OUT OUR ONLINE DEALER MAP FOR YOUR LOCAL DEALER TODAY OR CONTACT US DIRECTLY.

TOP STYLES:

None -

With no top option you can extend the drawer unit to the top of a compartment if the clear opening allows for it.

Flat -

Turns the top of any Tool Drawer Unit into a great work surface and gives a quality finished appearance when powder coated in the same color as the drawer faces. Height: 0.125"

Fixed Tray -

Add another area of storage with the fixed top. Its design allows for a shallow tray that keeps items from rolling off the top. Powder Coat finish is the same color as the drawer face. Height: 1.313"

Adjustable Tray -

Maintain the same storage benefits of the fixed tray and still have the adjustability to mount the adjustable wings to secure the tool drawer unit. Powder Coat finish is the same color as the drawer face. Height: 1.313"

CONFIGURE A CUSTOM DRAWER:

Configure-

Build a unit that fits your needs perfectly. Contact your local Dealer today.

*Dealers - Use CTech Express to build a custom unit for an instant quote.

CUSTOM NOTCHING:

Notching-

Standard drawer units that require rear notching for a specific manufacturer truck body come with the correct notch size, but when building a custom unit, notching measurements are needed.

DRAWER LOCKS: *COMING SOON*

Security of your tools and supplies is important when your livelihood depends on them to perform your job. C-Tech has drawer lock options available for that added peace of mind.

SLIDE CAPACITY:

Standard Duty -
250lbs rating. More than enough drawer slide for 95% of applications.

Extreme Duty -
500lbs rating. Just like the name says, these slide are designed for extreme conditions.

DRAWER ADD ONS:

DRAWER LINER

- Heavy duty, high quality rubberized foam
- Keeps tools protected and safe

MOLDED PARTS TRAY

- Trim to fit
 - Leak proof
 - Easy to clean
 - Available in 3" & 4" drawers
- MSRP: \$27.50

DIV - Front to Back

- (4) adjustable (front to back) dividers (only available when order is placed, cannot be added later)
- MSRP: \$22.00

DIV - Side to Side

- (4) adjustable (side to side) dividers (can be added later as long as drawer is punched)
- MSRP: \$22.00

DRAWERS

PREMIUM DRAWERS FOR THE WORKING PROFESSIONAL

"I've worked in some of the toughest, most remote places on earth; from Alaska, to the Yukon and the heights of the Rocky Mountains. I need equipment that can stand up to the rigors of my work environment and the rough demands of my everyday work. My CTech drawers have definitely answered that call. They are by far superior to any other drawers I've used in my service trucks. Not only are they stout and durable, my CTech drawers keep my tools organized, even after driving over the rocky terrain of remote work sites. I know I can count on my CTech drawers to stand up to anything I can put them through and continue to roll smoothly and keep my equipment safe and sound. I wouldn't trust my most valuable assets to any other drawer system."

*-Juan Ibarra, owner/operator Ibarra Industries LLC.

Removable truck bed cabinet. This cabinet was designed on fork lift tubes for easy removal for bed use. It has 4 built in D-Rings to strap it into place when installed.

CUSTOM TACTICAL

This Jeep Cabinet is designed to fit both 2 door and 4 door applications. The 1 drawer configuration offers secure storage with additional storage on top.

Low profile design to fit under any cap and bed slides allow for secure storage of your gear. This cabinet also features MACs tie down button for addition storage strapping to top.

Crash scene clean up application, utilizing a service body truck.
