AISLE GUARD

SAFE. STRONG. PROVEN.

Aisle Guards protect your equipment by absorbing the impact of a forklift or other moving vehicle. Aisle Guards are the perfect solution when an economical physical barrier is required to protect your end-of-aisle rack components, inventory, raw materials and more. Aisle Guards will help prevent expensive damage to your rack, thus eliminating costly warehouse downtime, productivity losses and rack repair.

- Offered in three standard sizes - 36", 42" and 48" lengths. Custom lengths available.
- Welded, one-piece steel construction offers quick and easy installation.
- Angled design with heavy-duty construction to deflect impact and prevent damage to rack uprights.
- Aisle Guards come standard with yellow, durable powder coat paint finish.
