Wardrobe Lockers

AIRFLOW® • PERSONNEL • INFINITY

Sentinel® Wardrobe Lockers are designed to allow optimum air flow and ventilation throughout lockers specifically designed for law enforcement personnel. These are some of the special features and options available:

- Lockable security compartments for sidearms or valuables
- Removable body armor tray in drawer
- Boot tray — perforated, removable for cleaning
- Air vents throughout the locker and drawer units
- Combination, keyed lock or hasp
- Modular electrical system to plug in cell phone, radio, etc.
- Heavy-duty shelves and reinforced doors
- Heavy-duty continuous hinges
- Three point slam latch locking system
- Keyed or keyless automatically locking drawer unit with heavy-duty 200 lb. drawer slides and bench

**Not all units are available with all options. Visit our website or call to find out which unit will best serve your needs.*

Weapons Lockers

HEAVY-DUTY SIDEARM LOCKERS

These 7 gauge steel lockers are engineered for areas where a higher degree of security is required. Standard models are available in 4, 6, 8 and 10 openings.

- Openings have hinged pull down doors with felt-lined bottoms
- Surface or flush mount
- Each numbered door has a coded security lock cylinder
- Master keyed

PISTOL LOCKERS

These 16 gauge steel lockers are available in 4 door stackable cube modules or 4 door vertical modules with side-hinged doors. Multiple units may be configured together.

GS-07F-5780R

Evidence Lockers

PASS-THRU • NON PASS-THRU REFRIGERATED

If Security, "Evidence Continuity" and "Chain of Evidence" are important to you, this is the system that will meet your needs for police evidence transfer, evidence storage, court security, crime scene investigations or forensic evidence.

- Available keyed or keyless
- 16 gauge cold rolled steel construction
- Continuous hinges
- Optional drop slot
- Refrigeration units

GS-07F-5780R

Interior components are adjustable

Drawer features a removable, ventilated body armor tray

Refrigerated Unit

Sentinel[®] MOBILE STORAGE SYSTEMS

Sentinel[®] Mobile is a high density mobile storage system that can reduce your storage space by nearly half. Track-mounted, moveable carriages eliminate all but one aisle thereby saving valuable floor space.

- Groutless or recessed grouted systems available
- Expandable and customizable
- Easily accessible leveling capacity
- Heavy-duty carriage construction
- Security options also available
- Available in a wide variety of colors and laminates, as well as custom colors
