## HUMOR

A woman was found guilty in traffic court and when the judge asked for her occupation she said she was a schoolteacher.

The judge rose from the bench, "Miss, I have waited years for a schoolteacher to appear before this court."

The judge smiled with delight. "Now sit down at that table and write 'I will not run a red light' five hundred times."

A motorist, driving by a Texas ranch, hit and killed a calf that was wandering across the road. The driver went to the owner of the calf and explained what had happened. He then asked what the animal was worth.

"Oh, about \$200 today," said the rancher. "But in six years it would have been worth \$900. So \$900 is what I'm out."

The motorist sat down and wrote out a check and handed it to the rancher. "Here," he said, "is the check for \$900. It's postdated six years from now."

A Texan farmer goes to Australia for a vacation. There he meets an Aussie farmer and starts talking. The Aussie shows off his big wheat field and the Texan says, "Oh! We have wheat fields that are at least twice as large." Then they walk around the ranch a little and the Aussie shows off his herd of cattle. The Texan immediately says, "We have longhorns that are at least twice as large as your cows." The conversation has almost stopped when the Texan sees a herd of kangaroos hopping through the field. He asks, "What are those?" The Aussie asks with an incredulous look, "Don't you have any grasshoppers in Texas?"
