CAR AIR CONDITIONING NOT WORKING?

WHY IT'S HAPPENING AND HOW TO FIX IT

When your car's air conditioner is not cooling anymore – or worse, blowing hot air – it can make for an uncomfortable ride on a warm day. The solution could be a simple one, but it could also require a complex repair that would be risky to attempt at home.

Accidents and other damage can also cause refrigerant leaks. Since the AC condenser is in front of the radiator, it is susceptible to damage from flying road debris and other small front-end impacts. Another possibility is that AC hoses and pipes can rub against other parts while you drive, eventually causing a leak.

While there are a variety of reasons your car's air conditioning might not be operating at top performance, the most common are a refrigerant leak, an electrical climate control issue, or a problem with the air conditioning compressor. Each of these can cause the AC to blow lukewarm or hot instead of cold air.

The buttons, knobs, and control screens that you use to adjust the temperature in your vehicle tell an AC/heater control module – basically a computer – to pass instructions to the heating and cooling system.

Your car's air conditioning uses refrigerant, a fluid designed to vaporize at a low temperature, to cool the air before it blows through the vents into the passenger compartment of the vehicle. If that refrigerant is leaking from somewhere in the AC system, it will become less effective at cooling the air before it leaves the vents.

Just like with any electrical tool or appliance, this component or the parts that support it, such as electrical wiring, can break down or fail for a variety of reasons. As a result, your car's AC could start to perform inconsistently, or even stop working altogether.

A leak like this can be the result of a faulty component within the system, such as the compressor, evaporator, or hoses. Or it can just be a sign of age for an older vehicle, since the parts and hoses use rubber seals that naturally tend to wear over time, causing the refrigerant to leak.

Due to the complex nature of the Air Conditioning System, an experienced and trained technician will need to evaluate the components to diagnose the true root cause, and ultimately repair or replace the faulty parts. You can help by clearly communicating and demonstrating the symptoms with the shop before they start working to fix this issue.

OTTO'S OFFER OF THE MONTH

KEEP YOUR COOL

A/C System Performance Test *All for only \$39⁹⁹*

- Check System Pressure
- Inspect Compressor
- Inspect Cooling Fans
- Check Belt Condition
- Inspect Blower Motor
- Measure Air Duct Temps
- Advise on any concerns found

After initial performance test, AC system may require advanced diagnostics or partial system recharge at additional cost to determine problem.

June

HUMOR

A few moments after the daughter announced her engagement, her father asked, "Does this fellow have any money?" The daughter shook her head sadly ... "Oh Dad! You men are all alike," sighing deeply, she replied, "That is exactly what he asked me about you."

Sally's mother decided that 10-year-old Sally should get something 'practical' for her birthday.

"Suppose we open a savings account for you?" her mother suggested. Sally was delighted.

"It's your account, Sally," the mother said as they arrived at the bank, "so you fill out the application."

Sally was doing fine until she came to the space for 'Name of your former bank.' After a slight hesitation, she put down, 'Piggy.'

REPAIR SERVICE TIRES

Strawberry Pretzel Dessert

INGREDIENTS:

- 2 Cups crushed pretzels
- ¾ Cup melted butter
- 3 Tablespoons sugar
- 2 3-Ounce packages strawberry gelatin
- 2 Cups boiling water

Filling:

- 2 Cups whipped topping
- 1 8-Ounce package cream cheese
- 1 Cup sugar
- 2 16-Ounce frozen sweetened strawberries, thawed

DIRECTIONS:

1. In a bowl, combine the pretzels, butter and sugar. Press into an ungreased 13x9 in. baking dish. Bake at 350 degrees for 10 minutes. Cool on a wire rack.
2. For filling, in a small bowl, beat whipped topping, cream cheese and sugar until smooth. Spread over pretzel crust. Refrigerate until chilled.
3. For topping, dissolve gelatin in boiling water in a large bowl. Stir in sweetened strawberries; chill until partially set. Carefully spoon over filling. Chill until firm, 4-6 hours. Cut into squares, if desired serve with additional whipped topping and pretzels.

Client Satisfaction Rating **4.8** out of **5** Stars

Here's what our clients are saying...

Great place. Nice people to work with. Always tells the truth on the problems (not adding anything that does not actually need fixing). *John J. - Appleton East*

They are always fast, and extremely easy to talk with. They explained what they are doing, and we always end up joking and laughing. It is a good bunch of guys that work there. I enjoy this little pit stop in my day. Fast and easy. I got helpful advice from Steve and the other guys (Alex and Geoffrey) are always willing to go above and beyond with answering my questions. *Samantha F. - Appleton Express*

I brought my truck in and Tony fixed it for a lot cheaper than I was quoted at other places, thanx guys! I always recommend you when asked where I take my vehicle, great job! My daughter and son-in-law now come there. *Virginia M. - Appleton North*

Auto Select is the only place I trust to give me fair service. Their prices are good, and their service is even better. They will work with you with any problems you have even if you are clueless about cars. *Skylar - Neenah*

Great business with great people and quality auto repair work. I recommend Auto Select and their team if you are looking for fast service. I have brought multiple vehicles of ours and I can always count on them for my last-minute maintenance. *Veasna H. - Green Bay East*

Excellent customer service and reliability! It is easy to make an appointment, and I never have to wait long to get in. Josh is awesome!! *Sandi D. - Green Bay West*

Called them to schedule service for brakes. We set up an appointment to drop off vehicle the next afternoon. Said they would call the next morning to give me an estimate after they looked it over. Called with a price by 9 AM. **Gave me exact details on what they found. Price was in range of what I expected.** Gave the go ahead to do brakes, oil change, and tire rotation. By noon I was called and said it was complete. They went over the paperwork and explained everything they did. Everything looked good, only small thing was they did not reset the oil change light. Was easy enough for me to do. *Duane N. - Shawano*

Great employees, they do good work and very polite. *Donald Z. - Stevens Point East*

My favorite place to go as a college student who is new to the area. **Helpful and 100% recommend for anyone looking for reliable people and good prices!** *Trinidad F. - Stevens Point South*

I was prepared to walk home after I dropped off my car, but a man gave me a ride home which was nice. **They always treat me with respect whenever I go there.** *Addie S. - Stevens Point Express*

Mike and his team got my car in quickly and let me know what repairs were needed right away. As soon as I gave the okay my car was fixed same day. *Samantha S. - Weston*
