BETTER SERVICE, BETTER FUEL ECONOMY

Maintaining your car or truck will make it more efficient. It works the way it was designed to and that means it uses less fuel: And you save money.

To help organize our discussion, let's think of things that rob us of fuel economy in two ways: increased friction and inefficient fuel combustion.

Friction. Anything that increases friction increases drag or load on the engine. It must work harder to overcome the drag - and that takes more fuel. The first thing that comes to mind is engine oil. Low oil means there's not enough to fully lubricate the engine so there's more friction. The wrong viscosity and grade of oil can also adversely affect fuel economy. Dirty oil won't lubricate as well as clean oil. The same principles apply to transmission fluid. Getting your oil changed and transmission serviced on schedule will reduce friction and save money. Consider upgrading to synthetic oils in your differentials, engine and transmission to reduce friction.

Another friction related problem is under-inflated tires. When tires are low on air, it's like driving through sand - the engine must work harder to move every mile. Check your tire pressure at least once a month.

Sticking or binding brakes put a drag on your vehicle and can hurt mileage. A simple brake inspection can uncover potential problems.

Let's move on to Fuel. A dirty fuel system has varnish and gum interfering, and the fuel injectors may be unable to deliver the correct amount of fuel at the right pressure and in the spray pattern that the engineers intended. A fuel system cleaning will get all of that working right and really improve fuel economy.

Replacing worn spark plugs will burn your fuel as efficiently as possible, saving money at the pumps.

HUMOR

My kids love going to websites, and they keep track of their passwords by writing them on Post-it notes.

I noticed their Disney password was "MickeyMinnieGoofyPluto," and asked why it was so long.

"Because," my son explained, "they say it has to have at least four characters."

A teacher asked one of her students, "What does your mother do for a headache?"

The student replied, "She sends me out to play."

"Thanks for the harmonica you gave me for my birthday," little Billy said to his uncle the first time he saw him after his birthday, "It's the best present I ever got."

"That's great," said his uncle. "Do you know how to play it?"

"Oh, I don't play it," Billy said. "My Mom gives me a dollar a day not to play it during the day and my Dad gives me five dollars a week not to play it at night."

John's wife was telling him he needed more exercise. John told her, "Well, I'll take up sports then."

She laughed and said, "Why don't you just order the sports channel on cable? Shaking your fist at the television and yelling at the games is more exercise than you'll get actually playing them."

Client Satisfaction Rating **4.8** out of **5** Stars

Here's what our clients are saying...

This is the best place to get your car done at. Oil change always goes quickly and they can always get you in. For major work they never over charged me or confuse me. It's always straight forward and a fair price. Highly recommend. *Zac R - Appleton East*

Fast and great service. Prices were reasonable and will definitely be back! *Steven W - Appleton Express*

Service done right!! Very helpful and accommodating. They keep my vehicles in great condition. *Jared H - Appleton North*

Jaramey and his team at Auto Select made a bad experience go extremely smoothly! My vehicle had broken down over the weekend. I had it towed in first this Monday morning and they were able to get it in for diagnosis by lunch time. I had an answer and quote by the end of the day. Unfortunately, my engine had failed and needed to be replaced...I ended up getting a new vehicle, but Jaramey and his team made it very convenient for the dealership to go and assess the vehicle for a trade in value and then helped coordinate a tow to the dealership. **I plan to use Auto Select for any necessary repairs in the future!** *Cassandra K. Green Bay East*

Auto Select always takes care of my car & me! Josh & his staff found the problem, fixed it and even picked me up from my home to pick up my car!!! **Will never go to anyone else!** *Colette G - Green Bay West*

I had a lot of work that needed to be done. They started after noon on Friday and stayed open late to get it done before the weekend. **Their service is above and beyond!** *Adam T - Neenah*

Auto Select just serviced our six trucks, they were fast, they were fair and they do an awesome job. I give them five stars because of their service. I will choose them for all of our future needs. *Scott F - Shawano*

I always bring my car here for the service and fair prices even though I live in North Dakota. **Friendly staff, very thorough, overall, a fantastic experience.** Highly recommended! *Chris S - Stevens Point East*

I have never had any difficulty scheduling an appointment and they service my car efficiently. **The staff is always easy to deal with.** *Beth K - Stevens Point South*

The women behind the desk were so helpful and patient with me. I definitely had a good experience going there for the first time! Highly recommend!! *Marissa G - Stevens Point Express*

I had a great experience from start to finish at Auto Select. Despite being busy, they were able to diagnose the issue with my car, get it fixed up, and get me back on the road in the blink of an eye. Thank you to all those at Auto Select for fixing me up! *Amber - Weston*
