Friends of Mead & McMillan Wildlife Areas

Who are we?

The Friends of the Mead/McMillan Association, Inc., is a private, 501(c) (3) non-profit corporation dedicated to furthering wildlife education and management at the George W. Mead and McMillan Marsh Wildlife Areas.

Members volunteer in the Stanton W. Mead Education and Visitor Center, greeting visitors, mentoring school children, and leading programs in the indoor and outdoor classrooms.

What have we done?

With almost 40,000 acres dedicated to wildlife, Mead and McMillan are resources that touch the lives of every citizen in Wood, Portage and Marathon Counties. The Friends are a partner in the day to day operation and we have much to be proud of.

Others get their hands dirty by building boardwalks and trails and assisting with other management activities.

Instrumental in raising funds for the Stanton W. Mead Education and Visitor Center, a model in green design in the state of Wisconsin.

Partnered with the Mead Witter Foundation to establish the "Mead Wildlife Area Trust" that supports a Natural Resources Educator.

Your membership and other Friends fundraising activities provide financial support for educating school children, youth and all residents of central Wisconsin about their wildlife heritage.

Provided funding and volunteers to build the Ephemeral Trail and Boardwalk, along with the observation decks overlooking the Educational Wildlife Scrape & Sedge Meadow.

Support the education program by purchasing supplies, equipment and sponsoring events.
